IMPORTANT DATES: FALL 2026 SEMESTER

For Fall 2026, students may add or drop courses from their schedule within the date ranges below via TruView. Online schedule changes must be made by 11:59 p.m. on the date indicated. Schedule changes may also be made in the Registrar's Office, McClain Hall 104, between 8:00 a.m. and 5:00 p.m. Monday through Friday. Contact the Registrar's Office for specific add/drop and withdrawal dates for off-schedule and interim courses.

A \$50 Add/Drop fee will be charged for all student schedule changes, **regardless of reason for the change**, made after the first five days for the Fall and Spring semesters. A \$35 Credit/No Credit fee will be charged for all Credit/No Credit forms submitted after the first five days of courses. **Note:** When dropping courses if you receive the message "Dropping last class is not allowed", you must withdraw from the semester following the instructions to "Withdraw from ALL courses" in order to drop all courses. If you have a registration hold on your account, you must contact the office responsible for the hold during their business hours to resolve the hold before you may drop a course or courses. You may still withdraw from a semester with a registration hold.

Students who need to **withdraw from ALL courses** must withdraw through TruView (truview.truman.edu) by selecting Student => Registration Tool from the Tools menu on the left. In the center section of the page, select "Withdraw from All Courses for a Selected Semester" under the "Registration" heading and follow the instructions on the page. International students must meet with CIS before withdrawing from all courses so plan accordingly.

New students and re-applicants will be provided their ID number along with registration materials.

Instructions

Please refer to the Registrar's Website for current registration instructions www.truman.edu/registrar.

Resolving Errors

Closed Course. If the course is closed, you may be given the option to add yourself to a wait list. You may also check to see if other sections of the same course are still open. In some cases, you can search for courses by attribute to find other courses that will fulfill the same requirement as the course that is closed.

Link Error: [Link Code] Required or Co-Requisite Error. To enroll in this course, you also need to enroll in another course at the same time. Check the catalog to identify the second course and then add both courses to your schedule at the same time.

Departments have limited some courses to certain students. If you receive a **Pre-Requisite** error, a **Major Restriction** error, or a **Class Restriction** error, check the online course schedule and the 2025-2026 General Catalog to see if you are eligible to enroll in the course. If, after reviewing these criteria, you believe that you are eligible to enroll or would like to request permission to waive these restrictions, contact the appropriate Department Office.

You may also receive a **Class Restriction** if you are an undergraduate student attempting to enroll in a graduate course. Contact the Graduate Studies Office for permission to enroll in graduate courses.

Time Conflict with [CRN#]. If you have already made arrangements to waive a time conflict error, contact the Department Office offering the course for which you received the error.

Maximum Hours Exceeded. See Credit Load Restrictions/Overload Permits under ADDING AND DROPPING COURSES.

Repeat Hours Exceed or Repeat Count Exceed. You are attempting to register for a class for which you have already earned credit and would exceed the repeat limits stated in the catalog. If you wish to enroll in a non-repeatable course for which you previously earned credit and earned a grade of D or better, you need an override from the Office of the Registrar.

Reserved Closed. Each Summer, when the University begins the process of enrolling new students for fall, we save seats in introductory classes for our new students. If you look at the Open Course List via TruView, it appears that there are seats available in these sections, but they are actually "reserved" for incoming first year and new transfer students. Unfortunately, by just looking at "remaining seats" on the open course list, you cannot tell which seats are reserved for the new first year students and which seats are available to upper class students. TruView will, however, give you a "reserved closed" error message if you try to enroll in a seat reserved for new first year students. Upper class students will not be allowed to enroll in a class that is marked as "reserved closed" until after all incoming students have been registered. Generally, the University opens any remaining seats in these classes to upper class students in early August.

Student Attribute Restriction. This error occurs when a senior tries to register for a JINS course. Seats in these courses are reserved for students who will be juniors (by cohort or credit hours) the following semester. You can request the attribute to allow you to enroll in a JINS course by completing the form at https://formbuilder.truman.edu/web/form_builder2/form_builder.asp?testid=2440.

Note: Each Department Office may have different procedures for resolving course errors. Departments may override errors only for their own courses.

Registration Assistance/ Disability Services

Students with disabilities or students who need special registration assistance may contact Disability Services at jsneddon@truman.edu or visit the office located on the first floor of Kirk Building in room 1006.

Help Desk Services

Students who need technical assistance should contact the Information Technology Services Help Desk at 660-785-4544 or at helpdesk@truman.edu.

ADDING AND DROPPING COURSES

To Add a Course or Courses

Add Procedure

You may process course additions on TruView beginning with your group's first available date/time through the end of the designated add/drop period at the beginning of the semester (see "Important Dates"). If this is your first semester at Truman, you will need to contact your academic advisor to process adds.

You will not be able to register for classes until you have been cleared for registration by your academic advisor.

Wait Lists – A wait list is an electronic list of students who want to enroll in a course that has reached maximum capacity (closed). Wait listing is a registration option, not automatic. Most wait lists are built on a first-come, first-served basis and are prioritized according to the date and time students select the wait list option.

Overrides – A Department Office may enter an override to allow you to register in a course that you believe you may not be able to enroll in even if listed on the wait list.

Credit Load Restrictions/Overload Permits

Undergraduate – students desiring to enroll in more than 17 undergraduate hours must obtain approval. To request approval, complete the Academic Appeals/Request form by navigating to TruView and selecting Student => Student Tools from the Tools menu on the left. In the center section of the page, click on the "Academic Appeals" link located under the "Courses & Grades" heading. The appeal must be approved before the student may enroll via TruView.

Graduate – students desiring to enroll in more than 15 graduate hours must obtain approval. To request approval, complete the Academic Appeals/Request form by navigating to TruView and selecting Student => Student Tools from the Tools menu on the left. In the center section of the page, click on the "Academic Appeals" link located under the "Courses & Grades" heading. The appeal must be approved before the student may enroll via TruView.

Late Registration

Late registrants will be accepted only in those classes where the instructors believe that work missed may be conveniently made up. Complete an Add/Drop form and obtain signatures of the instructor and department chair for each course added. Bring the completed form to the Registrar's Office for processing. A late registration fee of \$20 may be assessed in addition to regular registration fees for any student who initially enrolls on

or after the first day of class. Students are not allowed to attend any class unless officially enrolled.

To Drop a Course or Courses

Drop Procedure

You may process course drops on TruView beginning with your group's first available date/time through the end of the designated drop period (see "Important Dates"). If this is your first semester at Truman, you will need to contact your academic advisor to process drops.

Be familiar with the deadline dates for dropping courses, as these dates affect your fees and the grades that will appear on your transcript.

Changing all Courses

You will not be allowed to drop all courses via TruView. If you plan to drop all courses and replace them with other courses, check the box for conditional add/drop. This means you will only be dropped if you get into the class you are attempting to register for.

Withdrawing from all Courses

If you wish to completely withdraw from the semester, you must withdraw through TruView by selecting Student => Student Tools from the Tools menu on the left. In the center section of the page, select "Withdraw from All Courses for a Selected Semester" under the "Registration" heading and follow the instructions on the page. International students must meet with CIS before withdrawing from all courses so plan accordingly.

Note: please remember that your instructor cannot drop a course for you, nor can they change sections of a class for you. Only **you** can initiate an add or drop. The transaction becomes official when it is processed.

COURSE INFORMATION

Online and Classroom Courses

Truman offers some undergraduate and graduate courses utilizing an online method of instruction.

Online classes are conducted via your personal computer and modem or direct cable access from your home or office through the Internet. You will need a PC or Mac, a modem or direct cable access and your own Internet Service Provider.

Some courses may require meetings either on-campus or off-campus prior to or during the semester. An on-campus final examination may be required at the end of the semester. Faculty may ask you to report to a proctoring center near your home or require you to use an online proctoring service to complete some or all of your assessments. Refer to specific course meeting times and comments contained in the special section of this booklet for more details.

Online courses provide students the convenience of completing coursework from off-campus locations, while at the same time maintaining student status at Truman for financial aid consideration, enrollment verification and applicability of credit (these courses are the equivalent of regularly offered Truman courses in terms of applicability to degree requirements).

Students are assessed regular enrollment fees based on the number of credit hours enrolled for online and classroom courses. Online courses will be assessed an instructional technology fee. Regular registration procedures are required to enroll in these courses.

Note: Students may not be enrolled in online courses while outside of the United States.

Internships

Students interested in an internship should contact their academic advisor or department chair for additional information. Regular registration procedures are required to enroll in these courses, once final approval has been granted. Students are assessed regular enrollment fees based on the number of credit hours enrolled for the internship.

Independent Study

Generally only faculty who are teaching regular courses during the semester are available to work with students on an independent study basis during this period. Regular registration procedures are required to enroll in these courses, once approval has been granted by the faculty member and department chair. Students are assessed regular enrollment fees based on the number of credit hours enrolled for an independent study course.

Workshops and Interim Courses

Truman offers workshops and interim courses between regular semesters. Refer to the Registrar's website at <http://www.truman.edu/registrar>. Select 'Registration' from the links on the left. Select 'How to Search for Courses on the Current Course List' and then select 'Current Course List' link.

Students should enroll in the course via TruView, complete a Request to Audit form available in the Registrar's Office, obtain the necessary signatures and submit the completed form to the Registrar's Office for processing. Students may change their enrollment to audit only during the first week of the semester. Further information regarding this grading option is included in the General/Graduate Catalog.

Fees not paid by the end of the first week of classes will be considered past due, and interest at 9% per annum (.75% per month) will be assessed on the unpaid balance. An additional \$75 late fee will be assessed if fees are not paid in full by July 5 for the summer term, November 15 for fall semester and April 15 for spring semester. Registration of Motor Vehicles and Bicycles

Students are required to register all motor vehicles, including two and three wheeled motorcycles that they park or expect to park on University owned grounds, property, or streets. Parking permits are current through the academic year of issue (i.e., September 1 to August 31). Your account will be charged \$135 for a parking decal. FINANCIAL AID

For more information regarding fees and fee payment, go to www.truman.edu/businessoffice/student-accounts/

Federal Student Aid Programs

Students who have been notified by the Financial Aid Office that they have assistance for the semester will receive their first billing for the term with the amounts of their estimated aid reflected on but not deducted from the invoice. Federal aid such as Pell Grant, Supplemental Grant, Nursing Loan, and the Federal Direct Loans (Stafford and PLUS) will be applied toward unpaid fees and housing charges first.

Students wanting to use Federal aid proceeds to pay amounts due for the semester must submit a complete application to the Financial Aid Office by May 1. Applications received after this date will be processed, but funds will normally not be available at the beginning of the term. A complete application consists of the results of a Free Application for Federal Student Aid (FAFSA) and any additional forms requested by the Financial Aid Office.

State Programs Vocational Rehabilitation

Amounts authorized by Vocational Rehabilitation for tuition, fees, and on-campus housing will automatically be credited to the student's account. If Vocation Rehabilitation authorizes book money, the student should contact the Financial Aid Office if they participate in First Day Complete or the Truman Bookstore if they do not participate in the book rental program.

Should Vocational Rehabilitation approval not arrive in the Financial Aid Office in time for the fee payment deadline, the student must pay charges due and be reimbursed later when the authorization is received.

Missouri Financial Assistance Programs

The application deadline for state need-based assistance is February 1 for the coming year. The same FAFSA (Free Application for Federal Student Aid) form that is used for federal aid is also used for state aid. Disbursement of state funds does not occur until after the semester has begun and enrollment is certified. Then amounts will be applied toward unpaid tuition, fees, and housing charges first before excess funds are given directly to the student.

Veterans Benefits

Students who are eligible for Veterans benefits should contact the Veterans Representative in the Registrar's Office.

Each semester, students who are receiving Veterans benefits must complete an Intent to Enroll form before an enrollment certification can be submitted to the Veterans Administration for processing. Intent to Enroll forms are available in the Registrar's Office, MC 104. Any time a schedule change is made, it is the student's responsibility to immediately notify the Veterans Representative of the change. Schedule changes include adding courses, dropping courses, or withdrawing from the University. It is also the student's responsibility to notify the Veterans Representative of any **change in major**.

Students who are receiving Veterans Benefits are required to verify monthly with the VA that you are still attending classes by using WAVE (Ch. 1606) or the Text Message Enrollment Verification (Ch. 33). Note: Ch. 35 students do not need to verify enrollment monthly.

Truman State University is proud to support the Yellow Ribbon Program and the Missouri Returning Heroes' Educational Act.
