A **CLOSE-KNIT**
ACADEMIC
ENVIRONMENT
WHERE FACULTY
AND STUDENTS
BUILD LASTING
CONNECTIONS

Students in this program work closely with faculty, and 100% of Economics majors participate in undergraduate research. This program prepares students for their graduate studies, including law school, MBA, and PhD programs.

LEARN FOUNDATIONAL SKILLS

Truman's Economics program teaches **integral foundational** skills with a focus on data analysis and interpretation, which are highly valued by employers. Students in this program will be well-prepared to pursue graduate studies and a wide variety of careers.

*Recent employers include Risk Theory, the Federal Reserve Banks, the Missouri Attorney General's Office, and several State of Missouri government offices.
Recent grad schools attended by graduates include The University of Virginia, Rice University, University of Michigan, and University of Texas.*

AFTER GRADUATION

This program boasts a 100% placement rate for students — either in graduate school or employment — which has been consistently maintained over the past several years. Graduates pursue diverse career paths across sectors such as banking, finance, insurance, government agencies, and research institutions.
