

BA Theatre

MAJOR: THEATRE (BACHELOR OF ARTS)

Our program emphasizes practical experience at every level of production. We offer students transformative experiences; students perform, design, direct, choreograph, construct, paint, sew, write plays, research, and teach.

theatre.truman.edu

“I really gained an appreciation for how collaborative the artistic process is... And then when I went out into the world, I had all of those skills and I was able – I just had a language for how to put together a production that I feel like some students who only studied acting technique didn't have that.”

– Jenna Fischer
on Truman's
Theatre program

MINORS OFFERED

Theatre, Musical Theatre

KAYLA COTTER '25

“I actually get to DO theatre. At Truman, there is always a space for you. From stage management, to acting, to designing, you will always get a chance to try new things and strengthen your abilities. The professors truly want you to succeed, and will help you make professional connections in theatre after graduation.”
